Pembina Gorge State Recreation Area reopens trails

Recent favorable weather conditions have allowed for Phase One of the multiuse trail system to reopen in the Pembina Gorge State Recreation Area. Crews are currently working to open portions of the next phase as conditions allow. Please check our website for openings as they occur.

The multiuse trail is designed for OHV use, but is also open to hikers, mountain bikers and horseback riders. The OHV trail is made possible through the North Dakota Park and Recreation Department's partnerships with state agency and private landowners.

Further information on the Pembina Gorge trail will be posted on the NDPRD website at www.parkrec.nd.gov.
