Icelandic State Park opens on limited basis

Icelandic State Park (ISP) will open Saturday for the Memorial Day weekend, though visitor use areas will be limited to the campground and Pioneer Heritage Center grounds. All camping sites are available on a first-come, first-served basis until further notice. Access to Lake Renwick, the beach and trails will not be available due to heavy rains and high water conditions.

ISP is located 5 miles west of Cavalier on Highway 5 and the Renwick Dam is located within its boundaries.

Further information on the situation at Icelandic State Park will be posted on the NDPRD website at www.parkrec.nd.gov.
