### **Wheelchair hunt set for Lake Sakakawea State Park**

Lake Sakakawea State Park is holding its seventh annual Wheelchair Hunt Nov. 15-16, announces park manager John Tunge.

The event allows wheelchair-bound sportsmen to deer hunt in the park on Saturday and Sunday. The majority of the park will be closed for the weekend, including the campgrounds. Park staff will be available during the weekend to answer any questions.

The hunt, held the second weekend of the deer gun season, is open to people permanently confined to a wheelchair. Due to the nature of the hunt and preparations to set up blinds, limited space is available.

For further information call the park at (701) 487-3315. Lake Sakakawea is located just north of Pick City.
