

OHV Hands-On Safety Class Criteria

Maximum class size for hands-on OHV safety classes is 12 students and all participants must pre-register before the class. Students may bring their own ATV (no dirt bikes) but it must be of proper size for the rider and no larger than 125 CC. If unable to bring personal ATV for the class, there will be machines available for use.

Proper gear must be worn to the class:

- Long pants
- Long sleeve shirt
- Over the ankle boots
- Gloves
- Proper fitting helmet with goggles or face shield

Limited helmets are available for use during the class. The instructor will be calling the students/parents the day before the class for confirmation and answer any questions. Parent/guardian will need to be present to sign waiver and release form before the start of the course.
