Experience what life was like for North Dakota’s homesteaders by touring the historic Sunne Farm. Rent a kayak or canoe and relax as you float along the Sheyenne River Water Trail. Trek to the scenic overlook and make sure to bring your camera to capture the beautiful Sheyenne River Valley in the background. Hike the North Country Scenic Trail. This 4,600-mile trail starts in Vermont and runs through the park, through Lake Sakakawea State Park, and eventually joins the Lewis & Clark National Historic Trail.

Experience 20 miles of trails that climb through the rolling hills to beautiful overlooks back down to the Sheyenne River bottom. Jump on the North Country Scenic Trail and see North Dakota’s only registered waterfall. Grab a fishing rod and cast out along the Sheyenne River and try your luck at catching a walleye, catfish, northern pike, rock bass or bullheads.

Join us in celebrating the annual Sodbuster Days, providing early, horse-drawn farming demonstrations and displays. The celebration is held the second full weekend in July and the first weekend after Labor Day. Browse the interpretive panels in the Visitor Center while enjoying a frozen treat from the concession store.

Visitors can enjoy over 10 miles of trails open to cross-country skiing, hiking, and snowshoeing during the winter. Cross-country ski rentals are available at the Visitor Center. The Sheyenne Valley State Snowmobile Trail System runs through the state park. Pack up a sled and explore the trail system in and around the park.

Curl up by the fire in one of Fort Ransom’s three overnight rental facilities that are available year-round. Check out the Bjone house or one of the yurts for your next stay.
